

Death & Dying: A Selected Bibliography

By Patrick S. O'Donnell
Department of Philosophy
Santa Barbara City College (2007)

Any category employed for the various section headings may overlap with one or more of the other categories (e.g., there may be titles with philosophical relevance in, say, the sections for Hinduism and Buddhism). Some titles are placed in more than one section. And Section 9, "Miscellany," is a motley of entries from genres, topics, and approaches that did not fit readily into any of the above categories, in other words: "last but not least." I welcome suggestions for additional entries: patrickseamus@hotmail.com
